

# VILLAGE MONTESSORI DECISION TREE

*Village Montessori will rely heavily on the guidance and recommendations of health officials to select operations not only for the start of school in August but throughout the year. These recommendations combined with best practices will help us ensure a safe and successful learning environment that takes into account both the health and physical requirements necessary for the re-opening campus and the academic, social and emotional needs of children, families, faculty, and staff.*

## **Low/No Spread**

The state has not recommended closure and Village has made the physical campus modifications, retained the proper faculty and staff, and obtained all necessary supplies to safely support on-campus learning.

On campus learning.

Campus is open. Specific health and safety procedures, preventive practices and additional proactive processes and protocols are in place.

## **Minimal/Moderate Spread**

The state has not recommended closure. Protocols and procedures for low spread are in place.

On campus learning.

Campus is open. Specific health and safety procedures, preventive practices and additional proactive processes and protocols are in place.

## **Substantial spread**

The state has recommended school closure.
